To Whom It May Concern:

I'm pleased to recommend C-V, Inc. to your company. Over the past three months, I worked directly with Chinmay G. Vyas, president of C-V, Inc., and their technicians. We have been very pleased with the work they've done for us.

They have always been available and on short notice. Due to different constraints on this project we have had to call them at the last minute and rely on their expertise due to the lack of boring logs and other independent issues. Their technician Frank was always available rain or shine and he was extremely helpful. Also they were able to upload our reports promptly so that they would be accessible.

Through this project, C-V, Inc. has been on time and on budget for our company. I recommend them without hesitation and would hire them again if given the opportunity.

Sincerely,
