

Rushern L. Baker, III
County Executive

THE PRINCE GEORGE'S COUNTY GOVERNMENT
Department of Permitting, Inspections and Enforcement
Site/Road Plan Review Division

March 10, 2014

Re: CV, Inc.
Civil Engineering Services
Prince George's County, Maryland

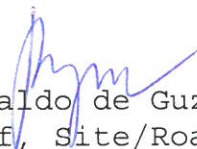

To Whom It May Concern:

This letter is to provide recommendation for the work product of CV, Inc. CV, Inc. is an engineering and permitting firm well recognized in the county. I have worked with Mr. Chinmay Vyas, PE, CFM, LEEDap BD+C, for several years. In the last five years, I have directly supervised the third party Stormwater Management Reviews performed by Mr. Vyas, for Prince George's County. Mr. Vyas was also a part of the Stormwater Management Regulations Implementation Committee. He is extremely thorough in his reviews and follows a strict checklist.

CV, Inc. has been providing civil engineering services to many development projects in the County. The staff of CV, Inc. is well trained and experienced in the Department of Permitting, Inspections and Enforcement's (DPIE) submission requirements. CV Inc.'s submissions are competently engineered and complete, ensuring projects are reviewed and approved in appropriate time.

If you have any questions or need additional information, please feel free to contact me at 301.883.5719.

Sincerely,

Reynaldo de Guzman, P.E.
Chief, Site/Road Plan
Review Division
